

From the President's Desk...

Dear Parents / Guardians,

Hello. Hope you are enjoying the summer break?

I wish to briefly recap our past term and list our achievements in brief: we started with the University Admissions Orientation by Temple University, Japan; followed by a lovely "Career day" student interaction by Dr.Satish Rao, Director of a leading US Medical Institution; we also had many events such as meeting with the Great Grandmother of one of our youngest students; the very powerful Project Day presentations; the various "Talents" showcased by our students; the last event being the LAIS Festival, a grand affair which was highly appreciated and attended.

I have some great academic information as well: our Year 9 students took the Cambridge Secondary Checkpoint exams in April and the results are out. Our students have yet again excelled; we had a perfect 6.0 score in Math, a 5.3 in Science, and 4.7 in English (note that past global averages were M:4.3 S: 4.2 E:3.4) which again proves that our teachers and students have done their best to improve and build upon. This is a matter of pride for the school, the consequences of these consistent results are what makes our school so unique and relevant in the field of education. We congratulate the students on their very notable achievements.

Once again, I take this opportunity to thank the children, their parents and the PTA for your continued sponsorship and support over the years.

Enjoy the summer break and keep safe. See you soon...

Regards,
Rani.

July 15th 2017 / Tokyo.
