

From the President's Desk (November 2007)

Winter Announcement

Dear parents,

Winter is approaching fast and so please take care of your health.

Time sure flies rather fast and our Christmas party is just a few weeks away. I am quite excited about the way our school curriculum has helped improve our children's capabilities which has been appreciated by many journalists from Japan and from the US. "[Kodomo no jikan](#)" is the latest to cover our school and is presently available in all the book stores. Please do check it out.

I am also very pleased to inform that we have finalized the new location for the School which is located close to Seikei Gakuen on the Itsukaichi Kaido. The first floor is presently an empty wide area which could be eventually converted into two or more class rooms. The second floor is designated for the Silver and Golden Angels. The third floor is reserved for the Elementary school and the fourth floor is a wide open space which will provide the children abundant playing place. It is a nice concrete building and has quite a lot of space including a large underground storage area as well. The School Name Display board and the interior design will be started soon. In all likelihood, new furniture for the school should arrive during the first week of January. We believe that almost everything should be in place by the 15th of January, 2008, and you may visit the school after that date.

Thanks to you all for taking part in our first public presentation at the [India-Japan Fair 2007](#) and making it a success.

I am sure all of you are looking forward to the [Thanksgiving Lunch](#) with lots of goodies! Please note that our Parents Meeting will be held on December 4th.

I take this opportunity to express my gratitude for your continued support for our efforts. My teachers and I will continue to provide the best educational environment for your dear children.

Thanks again and my warm regards,

Rani

20th November, 2007.
