

President's Desk

Dear Parents,

Hello and welcome again.

Hope all of you had a great summer break and a relaxed time as well. I spent a wonderful summer break in India and Sri Lanka with family and friends. I am looking forward to seeing all the smiling faces of the children. I am sure most of the children would have grown taller and a bit older.

Last semester went off quite well with a bright and colorful International Children's Day and enjoyable trip to the Kasai Rinkai Koen. Our summer programs were also a big success. As you all know this semester is again filled with wonderful activities starting with action packed Sports Day, colorful Halloween Party and the grandest Christmas Party. Lets practice well and put on a great show.

During this summer, there were a lot of discussions about the different kinds of viral flu affecting the general population and the scare which subsequently followed the flu epidemic. Almost everywhere, I saw people going around with masks, but I remain thankful that none of our children at our school suffered from the infamous virus! However, I want all of you to take extreme care in washing your hands, personal hygiene and thereby maintain good health.

As part of our efforts to reach out, Little Angels is conducting a series of seminars starting with the seminar for teachers and other aspiring people with the ambition of becoming proficient English language teachers. We will follow this session with seminars focused upon enabling women entrepreneurs and several other exciting topics in the future. Kindly do check our website regularly and we welcome your queries, if any.

As a social endeavor, lets all try to promote friendship in the neighborhood and spread our cheer everywhere. This will benefit our society and our school as well. More on this in the days to come....

Thank you once again for your kind cooperation and I look forward to seeing your smiling faces.

I must mention the exemplary help and excellent work ethic of our teachers and staff which helped to make this a success. My thanks to all of them.

Nothing is Impossible! Lets look forward to a bright future.

Warm regards,

Rani
