

From the President's Desk

Dear Parents,

Someone once said that every ending is also a new beginning. We have come to the end of an academic year. Even though it's an ending for the school, teachers, students, and parents, it is also a beginning for all of us. The Golden Angels graduated after ending kindergarten, and will be beginning Elementary school. We congratulate them on their graduation and wish them all the very best for a great future that is before them. The students are ending their time in one class and will be beginning in a new class. Some of the students have to move out of Little Angels for various reasons and will be beginning something new but they will remain in our thoughts always. As a school, we will be taking stock of the last year and begin efforts to improve on doing better than the previous year. Moreover, an ending is always a time at the crossroads. Therefore, let us all positively and optimistically reflect upon the past year and thus ensure good decisions in the future.

I would like to thank all the Golden Angels students and parents for being with us and being a part of our family. I hope to see most of you continue to be in our family. I also would like to take this opportunity to thank all the students, parents, teachers, and well-wishers for making the last year a success. We cannot spell "SUCCESS" without the "U". I am looking forward to your continued support for Little Angels.

The next academic year will begin on the 5th of April. We will be having our Entrance Ceremony on the 15th of April. We are looking forward to welcoming all the new students joining us from the next academic year. The third Grade will be a new beginning for us, 'cause it will bring many new challenges and joys that we are looking forward to!

We have been blessed to have you walk with us on this journey, and we are looking forward to continue walking with you, and experiencing the joys, adventures, excitement, and tears with you.

Rani.
