#### Field Trip to Sun Shine City

On May 18<sup>th</sup>, Little Angels elementary school and kindergarten went to the aquarium. First, we met at Mitaka Station. When everybody came, we rode on the bus, and we went to Ikebukuro. It wasn't first time for me to go there. First we saw a sea lion show. They were really smart, and it was amazing!

After lunch we went to the planetarium. We learnt about space. Next, we went to the museum. There were many ancient artifacts.

It was a nice field trip!

#### School Clubs

In Little Angels, we are going to make three types of clubs; Cooking club, Dance club, and Table tennis club.

In the dance club, students are going to teach dance to other club mates.

In table tennis club, students who want to join have to bring their own racket.

#### Entrance Ceremony - April 2012

In April the new first graders and other new students joined our school. We were so happy about that, and Little Angels became bigger!

I joined this school in September. Little Angels was smaller than my earlier school, but it was more fun. I am so happy to be here now.

The new students changed Little Angels to be more fun.

### SCHOOL EVENTS, AND ACTIVITIES

#### School Elections

This semester we had an election for the student president. Three students were nominated; Mayu, Karen, and Tariq. They gave a speech about what they want to do if they become the president. They made a convincing speech. On the election day everybody came to the 2<sup>nd</sup> floor and then everybody got one piece of paper to write who they would like the president to be.

The results: 1<sup>st</sup> Mayu, 2<sup>nd</sup> Karen and, 3<sup>rd</sup> Tariq. Mayu was elected as the first student president of Little Angels, and Karen was appointed as the vice president. They made an opinion box and formed three clubs. The student president has made school more fun.

#### From the library...

Geronimo Stilton is a talking mouse who lives in New Mouse City in Mouse Island, and runs a news paper. He goes on many adventures to lots of places like pyramids, jungles, and many other interesting places. Please read these books. If you start reading you probably cannot stop reading this series.

Have you ever read this book? The Fifth Graders read this book during the first semester.

This story is about a genius girl called Matilda. Her mom and dad are very bad and evil. She makes many miracles happen in school.. I recommend this book. It's a great read.

Also in our library we have many books by Roald Dahl. I want to read more of Roald Dahl's books.
